

NITHYA NANDHINI KOTE

+91 6366615021 ◇ kotenithyanandhini@gmail.com

PROFILE

Motivated Data Science student with a strong foundation in python,data analysis and basic c,Interested in transforming data into meaningful insights and developing pratical data-driven solutions .

EDUCATION

Bachelor of Engineering in Data Science sep 2025
Ballari Institue Of Technology And Management, ballari.

PUC, Class XII april 2025
Pupil Tree PU College, 92%

SSLC, Class X March 2023
Wisdom Land ,ballari,karnataka, 97%

SKILLS

Programming language : Python,C programming,Java(Basic)
Soft Skills : Communication,Teamwork,Problem Solving,Time Management

TOOLS USED

VS Code
GitHub
ChatGPT
Gemini

PROJECTS

Automatic Street Lightning
Mini Project

- Designed a sensor based system that automatically controls street lights based on ambient light conditions,reducing energy consumption .

Portable Phone Sanitizer Box
Mini Project

- Designed a compact, portable UV sanitizer box to rapidly disinfect mobile phones and small personal items, eliminating Surface pathogens without using liquid chemicals or high heat.
- Utilizes UV-C germicidal irradiation (254 nm wavelength) to penetrate microorganism cell walls and disrupt their DNA/RNA structure—destroying their ability to replicate—paired with a microcontroller-based timer to safely automate exposure cycles and prevent UV leakage.

CERTIFICATES

- Participated in Hackathon.
- Training in c.
- Participated in Debate Competition.
